DETAILED ACTION

Reasons for Allowance

1. The following is an examiner's statement of reasons for allowance: the closest prior art of record (Wynblatt et al., US Pat. No. 6,018,710 and DeBonet et al., US Pat. No. 6,600,898) does not teach nor suggest in detail an adaptive personalization module to monitor the user input during one or more previous session with the browser system and to determine the order for presenting the requested information based on previous user input in combination with all elements of the independent claims as argues by the Applicants (see remarks of Applicants response 10/5/2006, page s10-13 as well as remarks of response 3/29/2006 pages 10-11). So as indicated by the above statement, Applicants arguments have been considered persuasive, in light of the claims limitations as well as enabling portions of the specification.

2. The dependents claims further limit the independent claims and are considered allowable on the same basis as the independent claims as well as for the further limitations set forth.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

3. Claims **1-65** are allowed.
